

# Air Powered Mist Units

with handheld  
applicator

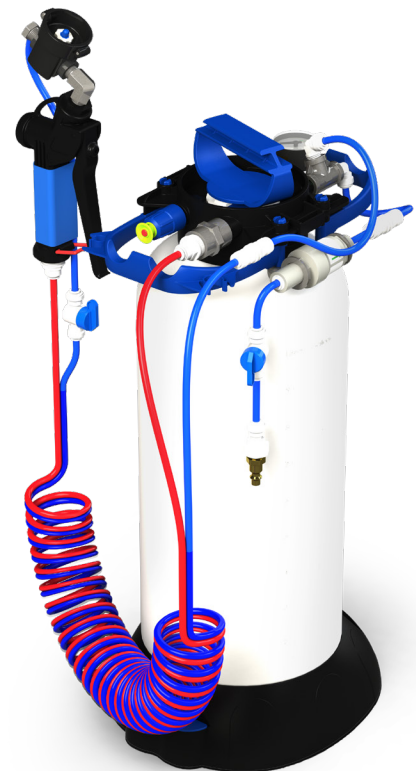

MU50-PSGN130 – 1.3 gallon (5 liter) unit

Handheld misting wand allows for controlled, manual application to critical surfaces

Fine spray application allows for product movement into areas not commonly treated by traditional application methods

- Draws from pre-mixed solution
- Powered by compressed air – requires air connection to operate (cannot be powered by manual pump or tank pressure)
- Handheld wand with 12 ft. (3.7 m) coiled discharge hose
- See through tank – choose 1.3 gallon (5 liter) or 2.6 gallon (10 liter) capacity
- Pressure regulator and pressure relief valve for safety
- Viton seals for chemical compatibility
- Product level fill markings in gallons and liters
- Extra wide stability base

MU100-PSGN130 – 2.6 gallon (10 liter) unit
