LIGHTHOUSE
Environmental Infection Prevention®

Your Environmental Infection Prevention Experts

Lighthouse EIP Single-Use Microfiber*
One Product for Dry and Damp Mopping
Powered by PathogenLock™ Technology
*Patent Pending

S1

Item # 16" **TMMP446016**
18" **TMMP446018**

- Superior Pathogen and Soil Removal
- Great for Small Spaces
- Designed for Various Floor Types

X1

Item # **TMMP446X16**

- 2x More Absorbent than S1
- 4x More Chemical Released than S1

By Eliminating the Laundry Process, You Will:

Reduce time spent managing laundry needs

Eliminate laundry fees, lost product & cart rental fees

Improve efficiencies with fewer staff

Eliminate cross contamination

Achieve sustainability: reduce water usage (33 gallons p/load), eliminate the drying process (5000 watts of electricity), & eliminate the dying process which results in microplastics leaching into the water table

HA

Item # **TMSM450SM5**

- Highly absorbent
- Use on floors and walls
- Great for Slip Resistant Floors

LIGHTHOUSE
Environmental Infection Prevention®

**Your Environmental
Infection Prevention Experts**

Our Hardware Line-Up:
Solid micro-velcro frame adheres strongly to mop allowing for maximum coverage.

The Lighthouse EIP Mop Frame

The Lighthouse EIP Adjustable Mop Handle

Support your staff with products that are ergonomically designed and make work easier:

- Lighter and less friction, easier to maneuver, takes up less cart space

- No more walking back and forth managing laundry supply

- Also used effectively for above-the-floor cleaning: walls, mirrors, ceilings, etc.

- Designed for all floor types and optimal use for varying chemistries
